Project Title: Tarot Card Website

Since the introduction of tarot cards can be divided into various categories, such as the physical cards themselves (which can be further divided into the Major Arcana and the Minor Arcana) or the history of the cards, I want to create this site using multiple pages. Information will generally be divided by content/context. Each page will contain a specific subcategory of either content or context.

- Home Page
 - Has quick buttons to other pages
 - Brief introduction
 - Image overview (a few images for general sense of what Tarot cards look like)

- Contents
 - Brief introduction of the components of a tarot deck

- Major Arcana (inside Contents)
 - Show each card and interpretations

- Minor Arcana (inside Contents)
 - Show each suit
 - Introduce by categories

- Context
 - History and Origin
